

LA SELVA

PROCEDURE

1. Carrying materials

A group of employees carry all the material (sand, cement, iron, rocks, etc) to the spot that was chosen to build the Pig Farm.

LA SELVA
Jungle Lodge

LA SELVA

2. Preparing the ground

First the employees had to clean the vegetation of the area. Then they had to level the ground to put the cement. Contrapiso)

3. Floor Structure

They made a chain with rock and iron at the perimeter of the chosen area to hold all the cement. Then they have to wait until this dry.
